EDUCATION

Gandhi Engineering College (GEC)   Bhubaneswar
Degree in MCA   Aug 2024 - July 2026
CGPA: 9.21

NIIS Institute of Information Science & Management   Bhubaneswar
Degree in BCA   July 2021 - Aug 2024
CGPA: 7.24

EXPERIENCE

Qveto Technologies, | Web Development Intern   Remote | June 2025 - Present
- Collaborated with cross-functional teams to design and develop responsive web applications using modern front-end (HTML, CSS, JavaScript) and back-end technologies (Node.js, MongoDB, etc.).
- Worked closely with UI/UX designers to implement clean, intuitive, and visually appealing user interfaces.
- Developed and maintained modular, well-documented, and scalable code aligned with industry best practices.
- Integrated third-party APIs and backend services to deliver dynamic and interactive web functionality.
- Participated in code reviews, debugging sessions, and performance tuning to enhance application stability and speed.
- Contributed to agile development processes, including sprint planning, documentation, and team stand-ups.

Quality coders | Automation Tester Intern   Bhubaneswar | Aug 2024 - Oct 2024
- Automation Tester Intern Quality Coders
  Successfully completed an internship focused on automation testing using Selenium with Python in PyCharm. Gained hands-on experience in writing and executing automated test scripts, performing regression testing, and identifying bugs to ensure web application quality.

SKILLS

Programming Languages:	Java, Python, C, C++, Javascript
Libraries/Frameworks:	Bootstrap, Tailwind CSS, React, Angular
Tools / Platforms:	Selenium, Git, VS Code
Databases:	MongoDB

PROJECTS / OPEN-SOURCE

FocusCore | Link
> FocusCore is a productivity-focused web application designed to help users manage tasks, track goals, and maintain daily focus. The project integrates intuitive task management features, progress visualization through charts, and personalized reminders to boost productivity. Built using HTML, CSS, JavaScript, and Node.js, it also incorporates MongoDB for persistent storage of user tasks and goals. Key highlights include a responsive UI, dark/light mode toggle, and a streak system that encourages consistent daily engagement. FocusCore demonstrates a strong grasp of full-stack development, user-centric design, and practical problem-solving for everyday productivity challenges.

EchoVibe | Link
> A responsive music and video streaming site with search, login/register features, and categorized content.

SMART LEARNING ROADMAP | Link
> A one-stop career guidance platform that offers detailed, beginner-friendly roadmaps for a wide range of IT and non-IT job roles. Users can explore fields, choose specific careers, and follow structured learning paths with clear steps, skills required, and recommended resources making career planning simple, smart, and accessible.
